

Join Your Local Residents' Association!

Building a Stronger, More Connected Community — Together

Dear Foreign Residents,

Welcome to our city! With people from many countries living here, our community is becoming more vibrant and diverse. To help everyone feel included and informed, City Hall encourages all residents — including foreign residents — to join their local residents' association.

✳️ What Is a Residents' Association?

Building a Clean and Beautiful Neighborhood

Take care of garbage collection areas and keep them clean.

Mow the grass and plant flowers in local roads and parks.

Recycle to reduce waste and keep our neighborhood tidy.

Sharing Information

When important information is received from City Hall or the Neighborhood Association, it is passed along through community bulletins (neighborhood updates) that are circulated to all residents.

Disaster Preparedness and Helping Each Other

Practice disaster drills to be prepared for emergencies

Manage and maintain emergency supplies for the community

Look out for children and elderly residents, ensuring everyone is safe and supported

Fun Events for Everyone

Enjoy festivals, sports days, and other fun activities where neighbors can get together, make new friends, and enjoy community life.

How to Join

The membership fee varies by each association, so you should confirm the fee before joining.

Ask us, your neighbours, or apartment manager for your association contact details.

Membership is open to everyone living in the city — let's work together to make our community a safe, welcoming, and friendly place for all!
